

■ **HIGH WAYS:** Andrew Sugden (centre), of Eaton Smith, presents the award to Alison France (third right), managing director of Sanderson Associates, with (from left) Lynn Harrison, of Business Link Yorkshire; David Butterworth, of Wheawill and Sudworth; Claire Draper, of Real World Business; Carl France, of Sanderson Associates; and Anne Gerard, of the Mid Yorkshire Chamber of Commerce. The presentation took place at the High Street offices of Eaton Smith, which runs the award in conjunction with the Mid Yorkshire Chamber of Commerce

Route to success

A COMPANY helping to draw up plans for new roads and drainage schemes has won a monthly business award.

Consulting engineers Sanderson Associates Ltd is the latest winner of the Business of the Month Award run by Huddersfield law firm Eaton Smith and the Mid Yorkshire Chamber of Commerce.

The Grange Moor-based company, founded in 1987, is a market leader in highway, traffic, transportation and water engineering – and one of the largest independent highway development specialists in the UK.

The company, led by managing director Alison France, was recognised for its investment in staff and its development – building on its success and experience and increasing its portfolio of clients and pro-

jects.

During the past 22 years, Sanderson Associates has undertaken more than 5,300 schemes in both the private and public sectors with some top names on an ever-increasing client list.

Its success enabled the company to expand into its purpose-built head office at Grange Moor, with direct access to the M1 and M62 and clients such as Morrison's, Netto, Asda and Tesco – as well as non-food retail developments, office schemes and residential sites.

The Business of the Month Award is open to all companies in Calderdale, Kirklees and Wakefield. For more details visit the website www.eatonsmith.co.uk or contact Ian Greenwood on 01484 821389.
