Sanderson Associates climbs the ratings

May 25 2010 by Henryk Zientek, Huddersfield Daily Examiner [Add a comment](#) [Recommend](#)

A FIRM of highways, traffic and water consultancy engineers is climbing the rankings.

Grange Moor-based Sanderson Associates has been ranked 23rd in the UK in the section for top companies in planning in the latest Transportation Consultants Directory. That's an increase of four places on last year's ratings when the company came 27th.

Managing director Alison France said: "It's a pleasure to see that our efforts in what has been such a difficult climate have been recognised. This result is a credit to our team of dedicated, professional and committed staff."

Alison said all the firms ranked above Sanderson Associates in the 2010 directory were either plcs or other multi-disciplinary companies owned by more than one shareholder.
